### Table of Contents

#### Welcome!

- **Home**  
Not sure where to start? Begin here.
- **Articles**  
Articles usually provide the most up-to-date perspective.
- **Reference Sources**  
Look for quick facts and examples in encyclopedias, manuals and tests.
- **Books**  
Books can provide background on your topic.
- **Peer Reviewed?**  
Find out what a "peer reviewed" article is.
- **Videos**  
Videos, DVDs and related advice.
- **Cite It!**  
How to create notes and bibliographies.

#### Title:

Librarian, Director of Research & Instruction

**"Thanks this looks great!"**

**"This is great!  
So user friendly!!"**

"This is awesome! Thank you!"

**"I think this is awesome----thank you so  
much for putting it together."**

This looks amazing! I wish I had had a resource like  
this as a college student.

**The course guide looks super.**

I like the work you have done below. It is clear and  
educates folks about the options, and provides enough  
names to provide variety, but it is not overwhelming,  
which, of course, the long lists of journals can be.

The page is looking great, thanks a lot!

## What We'll Discuss

# 2012 Make the Decision

2013 May  
Testing, testing...

2012  
Make the Decision

## June Pick Your Team
